TAB's quick fire questions

How long have you worked at TAB?

I have worked at TAB for nearly three years. My background is in finance (retail banking, debt management, recruiting for investment banks and bridging/commercial lending). All in all I have 15 years of experience in the finance world.

What does your role at TAB involve?

We have a small but highly skilled and efficient underwriting team. Each of the underwriters have years of experience in lending. My role involves assessing the risk of new applications daily. I do this with the help of key stakeholders such as surveyors and solicitors. I support the rest of the team wherever required and assist with training new members of the underwriting team.

What's the best thing about working at TAB?

The best thing about working at TAB is the people! We have a great team ethos, everyone works very hard, everyone is very helpful which is rare. It amazes me how people can give up so much of their time to help others. Everyone works towards the same goals and the company has the feeling of a proper family.
